EVENT GUIDE

Illustration / DOOMFEST | 2011 - 2013 SENKAKU MEI © ANIME REVOLUTION EVENTS

Dearest fans and lovers of all things Japan,

It's our second year of AniRevo and I've had the privilege of serving this community alongside the amazing talent known to you as the AniRevo directors, staff, and volunteers. This extraordinary team has a thirst to serve, driven by what I can only describe as magic. By day, they are students, teachers, engineers, doctors, pretty much all walks of life; by night, they are servants of the anime community that devote unfathomable amounts of energy and hours into planning these 3 days of fun, excitement, and joy. To these heroes that are all wearing the colours of AniRevo, thank you. Thank you for being so passionate in everything you do, thank you for working so tirelessly to please the fans, and thank you for allowing me the honour of being both your colleague and friend.

To the fans, it should go without say that you are the Chichi to our Goku, the Karou to our Kenshin, the purpose to our tireless efforts. You gave us the opportunity to create this wonderful con. And for that, we can not say 'thank you' enough. We hope that when you look back on your time at the con, you're reminded of a time where you took chances, seized the day, and made countless memories to relive over and over. We could not ask for a better community to serve.

So please, enjoy the con and embrace your inner Otaku - you're amongst friends and support.

Thank you!

Can Ngo
